President Perspective
January 2022
Happy New Year

Santa was good to me this year. A new handmade raddle and a 10" dent reed for my 22" loom I purchased in November. What else would a gal want? Hope you enjoyed your holiday.

LOCO Monthly Meetings: January and February meetings will be via ZOOM due to concerns over COVID. Hopefully, we will feel more comfortable in March which will be our dye day. Gina will have more information.

LOCO Challenge: The Challenge deadline has been pushed to April since we have a ZOOM meeting in February and Dye Day in March. We will get back on track this year having a challenge due in November if we wish to have one. Looking for ideas at our January meeting.

Membership: There was question regarding the number of members we currently have on record. After discussion with Jean and Missy, we have 64 members. Two members joined so late that their membership carried over and our webmaster always gets a free membership. Jean is finalizing all the checks. Thank you Jean and Missy for making sure we have an accurate count. A reminder that your membership dues help pay for programs, program supplies especially dye day, library items ... Missy will have a 2022 budget for us in January.

Programs and Demonstrations. We will be looking for volunteer spinners and weavers for the Grafton Library Program on Tuesday, March 29th. More information will be available closer to the event. Mill Hollow now hosts a Winter Fire and Ice event. Bacon House is closed so we will not be participating. They are still making decisions regarding the Herbal Fair. Wooster event will need our help Memorial Weekend. We will keep everyone posted.

See you soon on ZOOM,
Barb

Something to think about in 2022: Are you a dreamer or a visionary? A dreamer thinks of great things to do, but might not get the project off the ground. A visionary thinks of great things to do, and has the vision to get it done. As a weaver, I think I am a little bit of both. I like to dream about: special projects; a big studio; more time to weave. As a visionary I think about: ways to improve my skills; new tangible projects; work hard for the guild and networking with others. Check yourself: are you a Dreamer? Visionary? Or a little bit of both? Either way, continue to dream and have visions for yourself with your fiber arts or other important parts of you life in 2022.
