A real wind-up, too

January goodies

We'll be showing off what we made from the wool we colored at the January dye day at the meeting Sept. 12 at 7:30 p.m. at the Carlisle Visitor Center. The center is on Diagonal Road south of Elyria.

Be sure to bring your show and tell items from the basket workshop last month as well.

And if you are one of the really speedy people who has already made something of the yarn from the August dye day, we want to see that, too.

Oh—if you have a ball winder, President Betsy Bruce says to PLEASE bring it. We have a lot of yarn to wind.

The 56.2 lbs of cotton yarn ordered for the October weaving workshop has arrived on huge cones and will need to be wound into smaller amounts for more efficient warping. We'll have a real ball winding/gab-fest.

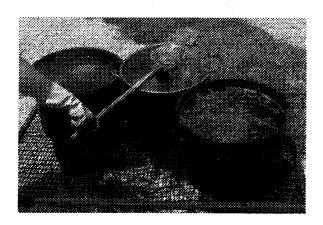

NOTICE: If you have any piece of guild equipment out on loan please bring it to this meeting so a picture can be taken of it for the equipment record being compiled by Etta Row and Katie Farr.

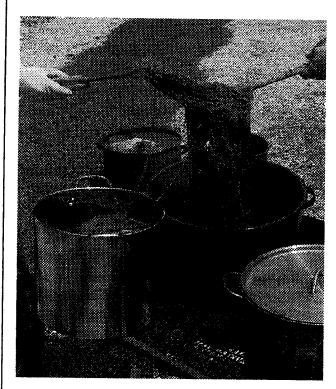

August Dye Day

From left: Betsy Bruce, Sara Twining and Beth Hines start the process of putting the wool into a mordant bath before it goes in the dye pots.

Once the dyes have reached the proper temperature, the wool goes into the color pots.

Getting the right color means checking the wool after the minimum amount of time needed for each dye.

All done! The dyed wools hang on lines to dry at the home of Ronnie Rospert in Norwalk, who hosted the event.

Memory shawl

A check for \$110.00 was sent to Pat Holoworth, sister-in-law of the late Laddie Rubright, for her 3-day walk to raise money for breast cancer research. Thanks to all who participated in spinning, knitting or purchasing raffle tickets. Gloria Hood won the drawing.

Have we been BUSY!!!

The Sheep to Shawl Demonstration at Cuyahoga Fair Aug. 9, a fine and glorious evening, found nine members of LOCO at the sheep barn at the Cuyahoga Fairgrounds in Berea.

Thanks to Beth Hines, Holly Hines, Elizabeth Yasaki, Etta Rowe, Katie Farr and Kay Mangione for keeping wheels churning that evening producing yarn for weft. Betsy Bruce wove 26 inches that evening (and has since finished a 96" shawl) using hand spun 2 ply yarn as warp which was spun by Karen Long, Elizabeth Yasaki and others.

Weaving with handspun warp is tricky since even tension is a bit more difficult to attain with so many different spinners. But the resulting herringbone and basket weave shawl is a stunner!

Thanks also to Gen Esgar who worked the crowd, answering questions and directing curious spectators to the performing artists.

Lastly, thanks to fiber engineer Ed Rowe for winding bobbins, hauling gear and entertaining all. We had a fun evening!

The Basket Weaving Workshop by Jewel Cowan of Oklahoma City on Thursday, August 17 was certainly a family affair: Pat Harrison had three generations of her family there (daughter, son-in-law and two high school aged grandsons). Jewel's sister, Beth Hines and niece, Holly Hines, Betsy Bruce and her mother, Jeanne. Other LOCO members, Audrey Kolb, Gen Esgar, Pat Geisler and Etta Rowe shared pot luck luncheon and left with a completed basket in hand.

Twining, weaving twill and lashing were all part of construction of a triangular based "waste basket". Resulting shapes were varied. PS: the colors were wonderful. Thanks, Jewel!

The weather stayed dry for most of the demonstration at the **Lorain County Fair** Aug. 27. The cool day kept attendance down but made it a lot more comfortable for the many LOCO members who came.

Spinning weft for our second handwoven shawl to be raffled at Christmas was one goal of the members in attendance. Having a good time was a second!

Still ahead is our annual demonstration at **Pioneer Days** at Mill Hollow in Vermilion. LOCO members will be there Saturday, Sunday and/or Monday, September 9. 10 and 11. Guild members will show fiber crafts and share information on the dye garden.

Karen Long will be doing her natural dyeing. This is her 28th or so year participating and running multiple dye pots over a wood fire? Literally, HOT stuff!

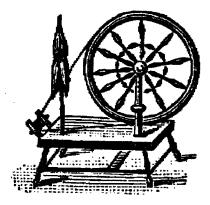

Karen will be dyeing skeins of wool with black walnut, goldenrod, onion skins, coreopsis, marigold and who knows what else. Color galore will be hanging from the line each day.

Demonstrators are most welcome (period costumes are preferred). Bring spinning and plying wheels, drop spindles, knitting needles, crochet hooks, etc... Does anyone have a walking wheel on which to demonstrate?

Dee Martin will weave the second handwoven shawl on a 36" floor loom and Phil Rubright will be weaving a triangular shawl all under the tent by the Bacon House.

On Monday, those present will provide demonstrations for local elementary school children.

Reminders...

If you can receive your **newsletter by e-mail**, please notify Pat Geisler (spin9r@aol.com). You'll be able to see beautiful pictures like those in this month's issue, in vivid color. Best of all, e-mail recipients get their newsletters first.

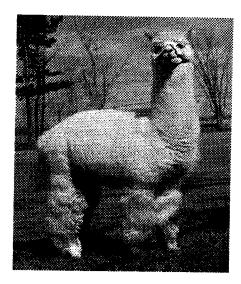

Members of the nominating committee are still looking to fill the posts of president, vice-president/program chair, secretary, newsletter person, and demonstration coordinator. If you are willing to serve, notify Karen Long.

Stitch 'n Pitch night

In conjunction with The National Needle Arts Association (TNNA), the Cleveland Indians will hold its first Stitch N Pitch night Wednesday, Sept. 13 for the game against Kansas City.

Peggy Strang will have a bus running from her shop on Rt. 254 in Avon. For \$19, the 1st 56 to sign up will get free parking in Avon, round-trip bus service to the game, a reserved seat in the mezzanine with other Stitch N Pitch-ers, and a goody bag filled with stuff from local shops.

Call 440-934-1236 for reservations. (Non-knitters welcome, too!!!)

Spinning and Weaving Week will be celebrated October 2-8, 2006. There was discussion on a window display in Oberlin

Remembering Laddie: Pat Holobaugh, sister-in-law of the late LOCO Guild member Laddie Rubright, has registered to complete a Breast Cancer 3-Day Walk in Michigan from August 11-13.

The group will walk 60 miles in 3 days (camping at night!) to help fund research to find a cure for breast cancer. Laddie died of a particularly aggressive form of the disease and Pat Holobaugh has committed to raising at least \$2,200 to benefit the Susan G. Komen Breast Cancer Foundation (85% of net proceeds) and the National Philanthropic Trust Breast Cancer Fund (15% of net proceeds).

Katie Farr and Etta Rowe spearheaded a Special Shawl Raffle in remembrance of Laddie. A donation of \$104.00 will be made! Phil Rubright drew the winning ticket and Gloria Hood won the gorgeous shawl. Congratulations Gloria!

<u>New Business</u> Nominating Committee was selected – Karen Long and Audrey Kolb

The Slate will be presented at the October meeting with elections taking place in November.

Anne Hauser has volunteered for the Historian position and Dee Martin has offered to be the Treasurer.

If anyone else would like to run for an office, please see Karen or Audrey.

Etta requested tri-fold flyers. There are several changes that need to be made first.

Holly Hines has moved and Betty Roll will be responsible for the address change for the Heifer Project.

There was discussion on the next weaving workshop. The tentative date will be October 20,21, &22, 2006. Pat Geisler moved that the Guild spend \$100 for the FAVA Rental Fee, Karen Morgan Seconded. Motion passed unanimously. Betsy Bruce will order supplies for making towels.

Welcome Visitor: Beth Whitson

Betsy Bruce, Elizabeth Yasaki, Karen Long., Beth Hines, Gen Esgar, Sara Twining & Roni Rospert, Betty Roll – newspaper article, Katie Farr – basket made at Lyme Village Workshop Elizabeth Yasaki – alpaca & silk lace scarf, fiber from the Great Lakes Show.

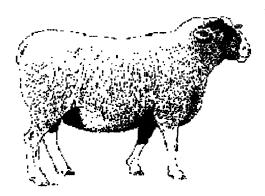

The next LOCO meeting will be September 12, 2006.

Kathy Wilson, secretary

Coming attractions

In October the LOCO meeting program will be on Hair Pin Lace and there will be lace looms for sale. Might be a good idea to bring a little yarn and a crochet hook to the meeting as well.

Sara Twining has volunteered to help run our November meeting fashion show but can use some volunteers for models.

The farmer and the ram

Farmer Ken Kellogg raised sheep. He had a surly, unpredictable ram that tried to escape the pasture at every opportunity.

A number of ravens that had nests nearby loved to harass the ram. There were two swoops of 10 ravens each that would fly down to the field and caw at the ram until he charged. Then, at the last second, they'd fly upward, and the ram would hit the fence.

One day, a raven didn't get out of the way in time and was crushed. It drove the ravens into a frenzy. When Kellogg visited the pasture the next day and failed to shut the gate the enraged ravens lured the ram into the hayfield.

They flew toward the bailing machine with the ram in hot pursuit. At the last moment, the ravens pulled up again, but this time the ram ran straight into the bailer. He came out the other side in a mangled package. 20 big black birds perched on him with obvious satisfaction. The farmer was left with two swoops of ravens on a package of Kellogg's brazen ram.

The running of the sheep

It started out as a parody of the Spanish Running of the Bulls each year but has become a town moneymaker in Reed Point, Montana (population 185). It also helps promote the sheep industry.

In 2004 Doug Skoog, 58, visited the town and was persuaded by an old friend to take part in the town's goofy Great Montana Sheep Drive, better known as the Running of the Sheep.

He learned one important thing: Stay ahead of the sheep. "Get behind them and it's messy," he said.

Skoog's friend, Russ Schlievert, 65, is one of the founders of the event and owns the town's Hotel Montana. Each year he convinces a few nervous volunteers to put on the uniform (white shirt and pants, red sashes and a black beret) and run with the 500 black-faced Suffolk and Columbia-Targhee sheep.

About 2,500 visitors attend annually to see the event and cheer for the runners.

The money raised by the concessions stands, demonstrations and merchandise sales (tee shirts anyone?) raises about \$5,000 annually for community projects. Last year it bought two lots for a community park. Over the years it has paid for a fire truck, refurbished the town library and supported children's educational programs.

"It's a lot of work, but it's worth it," accords to Tom Goddard, the event's vice president.

This year the running was held on Labor Day.

The sheep had no comment.
